Re: Hagger Residence

To Whom It May Concern:

I would like to express my appreciation to you for sending Derek Best and Tom Bybee to assist in the assembly of the timber frame package for the Hagger residence. I was expecting someone to give explanation and tell us what to do as far as assembly went, and generally just point fingers. Derek and Tom went above and beyond those expectations.

Not only did they give us instruction, they actually had their bags on for two solid days. They were knowledgeable, easy to work with, and fit in with the rest of the crew perfectly. They assembled the two large trusses, which was no easy task, and helped in any area where asked or needed. With their help the timber frame assembly ran smoothly and without any major issues. My crew and I couldn't have asked for more hard working and quality guys than the ones you sent.

Thanks again for Derek and Tom. My crew and I would gladly work with them again in future PrecisionCraft projects.

Respectfully,
Craig Jossi
